Classification	Public

Applicants and accredited bodies completing renewal use this template to self-assess against PSF 2026. For each clause, supply a brief narrative (maximum 250 words) and a list of attached exhibits. The template mirrors the structure of PSF 2026; refer to that document for clause text and interpretation.

How to use this template

- Complete every clause, even where you assess yourself as fully compliant
- Reference exhibits by short code (e.g. EX-12) and maintain a master exhibit register
- Where a clause does not apply (e.g. a body not issuing digital credentials), state 'N/A' with a one-sentence justification
- Use plain language — evaluators will read this alongside your application
- Sign and date the declaration at the end
